

# **Post-Operative Instructions**

## **Proximal Humerus ORIF**

#### **WOUND CARE**

- Do not remove dressing.
- Dressing is waterproof. May shower letting warm soapy water run over the dressing.
- Dressing will be removed at post-op appointment.

### **ACTIVITY**

- Wear sling when out of bed
- May remove sling when at rest.
- Absolutely NO lifting or sudden overhead movements. Do NOT reach behind you, for instance, for a seat belt or a wallet.
- Pendulums and elbow and wrist mobility as tolerated.
- You will be given further instruction about formal therapy at your post-op appointment.

#### **PAIN MANAGEMENT**

- TAKE YOUR PAIN MEDICATION AS PRESCRIBED ON THE BOTTLE.
- If you have used a particular pain medicine (Percocet or Vicodin) that has worked well for you in the past, please inform your physician or PA prior to the procedure.
- For instructions on refilling a prescription, please read our **Prescription Refill Policy.**
- Use Ibuprofen (ex. Advil) 200-800mg up to four times per day to help with pain and swelling in addition to narcotic pain medicine. (Do not exceed greater than 3200 mg of Ibuprofen daily)
- Call the office if you have uncontrollable pain.
- If you are taking narcotic pain medication (Percocet or Vicodin), we recommend an over-the-counter stool softener, such as Docusate or Milk of Magnesia, to prevent constipation.

#### **EMERGENCIES**

Call the office at (401-218-6005) if you experience the following:

- Dressing becomes saturated or falling off
- Increased redness at incision site
- Pain uncontrolled by pain medicine

Michael P. Bradley, MD Stacie J. Brzoska, PA-C Mercedes M. Godin, PA-C 401-218-6005

- Uncontrollable bleeding
- Fever > 101 º F or shaking chills
- Difficulty breathing or chest pain
- Severe pain or redness in calf
- Painful swelling despite icing and elevating the arm

## **FOLLOW-UP CARE/QUESTIONS**

- You should have a post-operative appointment scheduled two weeks after your surgery. If not, please contact the office to schedule an appointment (401-218-6005).
- Please arrive 30 minutes prior to your appointment to allow ample time for x-rays.

Michael P. Bradley, MD Stacie J. Brzoska, PA-C Mercedes M. Godin, PA-C 401-218-6005

# **Prescription Refill Policy**

## 401-218-6005

Our office requires **72-hour business hours for all prescription requests.** We are unable to write prescriptions on an emergency basis, so please monitor your medication carefully. Do not wait until you are completely out of medication to request a refill. We process requests in the order they are received.

Your request requires <u>one clear and detailed message on 401-218-6005</u>, with your full name, date of birth and best contact information. You will receive a call back the day before your script will be made available to you. If you have not received a call or voicemail, your request has not been processed.

PLEASE NOTE: If you are currently being followed by another doctor for pain medication, please have an open line of communication with their office, as we do not prescribe for long-term pain management. We will only prescribe to patients for a <u>short period of time</u> after surgical procedures. If you feel as though you will need to continue to take controlled medications after our treatment is complete, you will be referred back to the existing prescriber or a pain management facility.

Thank you in advance for your patience and cooperation.
